54518	SQUARE TUBE 60 MM X 60 MM X 6M (P/LENGTH)

²"Pair" items come with two complete pictured items.

³ Special order only.

IMPORTANT!

When installing posts in barns with an aggressive bedding material (sand, compost etc.), Jourdain recommends that a bituminous coating (DIS part# 58417 / 55179) be applied where the post is coming out of the concrete (up to 18" above the concrete and to the first clamp). This will help prevent corrosion that can be caused from prolonged contact with aggressive materials.

DLS BARN
SOLUTIONS INC.

AUTHORIZED DEALER

DLS BARN SOLUTIONS is the North American partner for Jourdain stabling, and the Canadian partner for ACME ventilation, La Buvette drinkers and Easy Swing cow brushes. Through a strong dealer network, we are able to provide stabling solutions throughout North America, and ventilation, water and cow brush solutions throughout Canada. Associated with Dairy Lane Systems, DLS Biogas and DLS Structures, we have been serving dairy farmers for over 25 years, and through the four DLS companies, we are in a unique position to offer a complete solution to today's dairy farmer.
